

2024 PRICE LIST

THIS IS AN INTERACTIVE PDF!

This document has interactive elements that will enhance your reading and engagement.

Unlike traditional static PDFs, this interactive version allows you to dive deeper into the content, explore additional information, and interact with various elements.

You'll find clickable links that take you directly to related resources or external websites, making it easier to access further information or explore related topics.

To make the most of this interactive experience, please ensure you have a PDF reader that supports interactive features. Simply click, hover, or interact with the elements throughout the document to unlock a richer and more dynamic reading experience.

We hope you enjoy this interactive journey, and feel free to reach out if you have any questions or feedback. Happy exploring!

About Koy Lab

Koy Lab is a company that specializes on printing and manufacturing digital photography albums. Founded in 1977 as a photo lab, by the hand of a professional photographer who wanted more than what he had available, we soon started our search for new challenges.

40 years have passed and we are still a family business, which we believe is one of the aspects that makes us unique. We preserve our heirloom and never let go of our past, which allowed us to get us where we have today, but we focus on the future, for which we work in the present.

By offering limitless ways for you to customize your albums, we enable you to deliver an outstanding product for your clients to preserve their most cherished moments. We use only the finest materials and provide endless possibilities. From weddings, to

newborn and maternity, family sessions and portfolios we have range of products that fits every single need, perfect for any occasion.

Our dedicated team works with joy. The joy of knowing that something passes through our hands that will create smiles, emotions, that will perpetuate that special moment, be it the wedding, the christening, the photo of your child or just your holidays.

We genuinely like what we do! We are artisans, we have fun showing what our customers' eyes see! We are a company of people who smile and are passionate about what they do!

These matted sleeve books are bound into a beautiful vinyl coated paper cover available in seven soft colors. Match them with a sleeve of the same or different color and customize it by printing the names and dates in gold or silver foil.

In a reduced size, Mini Books are a lovely small way to give life to memories, in sizes that are able to be easily carried around. These small gems are great as a souvenir for weddings or any other occasions and also a very smart option for business cards or mini portfolios.

The Fusion Collection was inspired by the concept of "the beauty of diversity". By skillfully combining various textures, we want to reflect the idea that disparate elements can coexist harmoniously, creating a rich and sophisticated design.

Composition of the Pack:

- **1 Fusion Collection Album**
- 2 Copies
- 1 Accessory for the main album

Shipping Worldwide

Turnaround time: 12 Business days

Demo discount available

Orders of and above \$250: free standard shipping Orders below \$250: fixed shipping fee of \$60

CUSTOMIZATION

UV PRINTING // CUSTOMIZATION

What is UV printing?

UV printing uses a process feeded by UV lighting, so that the special inks can dry faster, guaranteeing more intense and bright colours, with no distortion, elevating the product's quality and durability.

UV printing is ecologically more friendly since the inks used do not have a solvent base, they are composed of organic solid particles and do not issue harmful substances while drying.

Why is it more ecological?

It does not release chemical substances into the air, improving the work space.

The ink for UV printers does not have chemical solvents. These are composed by solid parts and pasty organic compounds, which dissipate, wth no harm to workers or the environment.

Custom Design

If you want you can send us your own design file, with the following characteristics:

- · .png file with transparent background
- Vector file (lines must be at 100% the correct colour)
- · File sent in .pdf format
- · File sent in .ai format
- Font used converted into lines

There are 3 measures of the UV printing: 8, 12 and 15cm, Centered etching (height and length).

IMPORTANT NOTE: Please know that due to the nature of the process, elements with less than 1mm are considered too thin and may not have the desired visibility.

In order to preserve your design's colour, we always print a white base layer, which will not be visible in the final result. Please know that the printed design will have the base material texture. We strongly advise against the printing of imaffes with too much detail, such as: faces, people. and so on.

Available Designs

LASER ETCHING // customization

What is laser etching?

Laser etching is the process when the applied heat from a beam causes the surface of the material to melt, resulting in a permanent and personalised mark.

Custom Design

If you want you can send us your own design file, with the following characteristics::

- jpeg files (lines at 100% black), white background;
- Vector file (lines at 100% black);
- All fonts need to be converted into lines;
- File sent in .pdf;
- File sent in .ai.

Laser etching will be done on the centre of the front cover. Its measure will depend on the cover's format.

IMPORTANT NOTE: Please ensure that the lines have at least 1 mm thickness. This is due to the process's nature, which may result in unwanted results lines too thin.

Available Designs

DEBOSSING // CUSTOMIZATION

What is Debossing?

Debossing creates an indentation in the material, achieving an effect opposite to embossing. The metal die is stamped on to the material to create a depressed area.

Debossing will not leave a mark on the other side of the stock if a thicker paper is used. It can be either standard (no colour foil added) or you can personalise it with a colour foil.

Custom Debossing

Do you want your studio logo debossed in you products? No problem!

You can send us your design and we will make a personalised stamp just por you. It will be available to use in your future orders as well.

Koy Lab will make and store all your customised stamps, for whenever needed!

You can send us your own design file, with the following characteristics:

- Jpeg files (lines at 100% black), white background;
- PDF file (lines at 100% black);
- Vector .ai or .eps (lines at 100% black) with white background:
- All fonts need to be converted into lines.

IMPORTANT NOTE: Please ensure that the lines have at least 1 mm thickness. This is due to the process's nature, which may result in unwanted results lines too thin.

- Matted Print Box

- Sektion Box
- Fabrik / Nubuk Box

Available Foils

Debossing can also contain a coloured foil. This process is nothing more than applying a thermal transference of the pigment into the material's surface.

At Koy Lab, we have 14 available colours you can use together with your embossing characters, regardless if these are personalised or predefined. .

Premade characters and ornaments

You can use a wide range of particular characters to do simple words (names, places and dates, for example) and ornaments.
