## Technical information

Files must be sent in JPEG with 300 DPI with color profile sRGB IEC61966-2.1.

Design can be made on KoyDesign.it (KDI) integrated into our ordering process and completely free.

Our templates are also available in SmartAlbums, FundyDesigner and AlbumStomp.

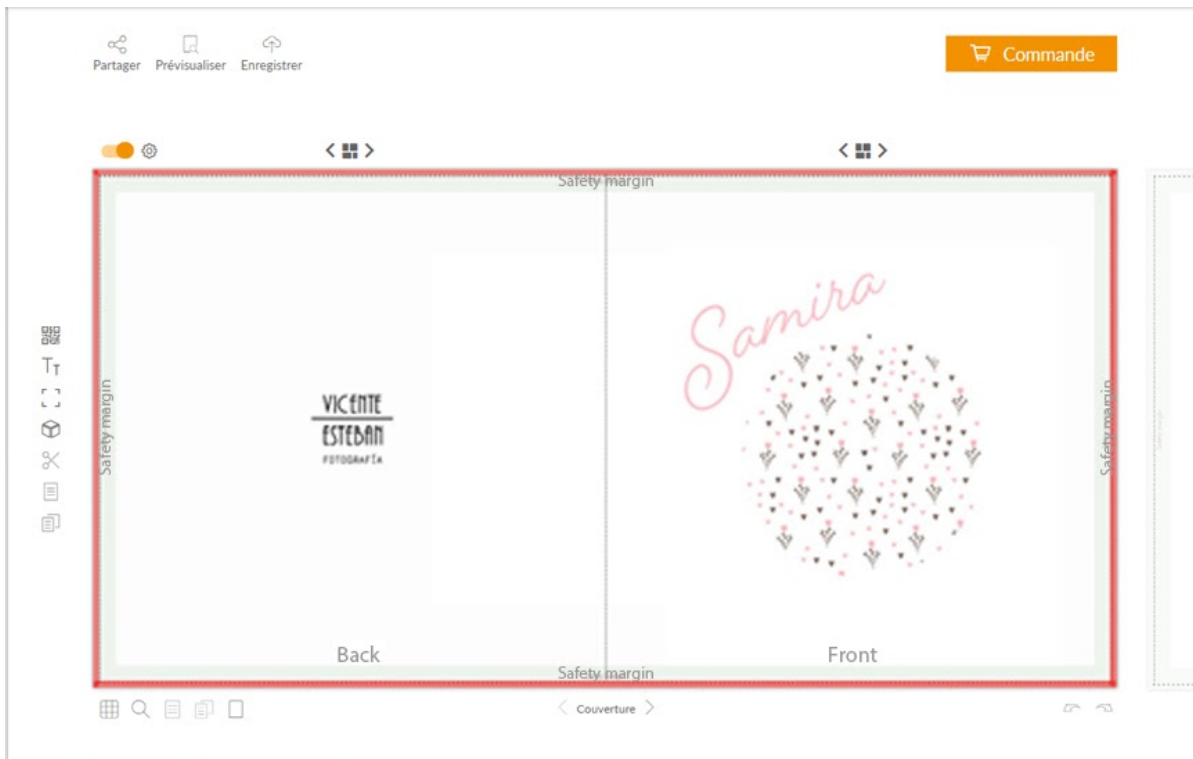

If you prefer you can also use Photoshop with our templates available on your My.KoyLab customer area.

Our templates already include the 15mm cutting margin and 5mm safety margin.

No important part of the image should be placed within the cutout and safety margins.

Despite the precision of the guillotines, the cut may be slightly offset.
